UPC Code: 07847782765

Country Of Origin: Mexico

*Eligible for ARRA funded projects > \$7,443,000

51120-3

Brand Features

Leviton's Surge Protection Devices can be used individually or as part of a coordinated application strategy, to protect sensitive electronic equipment, in industrial, commercial and residential locations, from the stress and degradation inflicted by voltage transients. Leviton Surge Protection Devices are compliant with UL 1449 Standards. Leviton's outstanding Surge Protection Devices divert damaging voltage transients, or surges, away from electronic equipment. Transients are diverted away from sensitive micro circuitry, providing protection against catastrophic failure, costly downtime and data disruptions.

Item Description

120/208V 3-Phase WYE Panel Protector, 4-Mode Protection, 50kA Max Surge Current Rating, NEMA 1 Enclosure, UL 1449 3rd Edition Type 2

Technical Information

Electrical Specifications

Voltage Configuration: 120/208V 3 Phase WYE

Recommended Circuit Breaker Rating: 20A, 120/208V

Frequency: 50/60Hz

EMI/RFI Noise Rejection: (-6 to -28dB @ 100KHz to 100MHz)

Surge Technology: 40mm MOV Design

Environmental Specifications

Operating Temperature: -10C to 60C

Enclosure Type: NEMA 1

Relative Humidity: 5% to 95% non-condensing

Storage Temperature Range: -20C to 85C

Flammability: Rated V-2 per UL94

Material Specifications

Outer Enclosure: Powder Coated Steel

Mechanical Specifications

Diagnostics: Protection Status LEDs

Connection Type: Parallel - Hardwired via 12 AWG Wire

Performance Data

Maximum Surge Current, Per Mode (Per Phase): 50kA (50kA)

Short Circuit Current Rating: 10kA

Nominal Discharge Current Rating: 3kA

VPR L-N: 800

MCOV L-N: 150

VPR L-L: 1200

MCOV L-L: 300

Standards and Certifications

ANSI/IEEE Category A, B & C: C-62.41 & 62.45

UL1449 3rd Edition: cULus Listed Type 2

Warranty

Product Warranty: Limited Lifetime

Connected Equipment Coverage: Up to \$25,000

**Leviton is the smart choice, providing the most comprehensive range of solutions to meet the needs of today's residential, commercial and industrial buildings. Leveraging more than a century of experience, Leviton helps customers create sustainable, intelligent environments through its electrical wiring devices, network and data center connectivity solutions, and lighting energy management systems. From switches and receptacles, to daylight harvesting controls, networking systems, and equipment for charging electric vehicles, Leviton solutions help customers achieve savings in energy, time and cost, all while enhancing safety.*
